Open Day was very well received by an admiring and appreciative public , this the first time Garland Farm opened without appointment to the public.

The Guide, put together by Marti Harmon and Judith Tankard, made a peaceful flow of people around the Grounds and then a tour of the House.

The Satterlee Exhibit was remarkable and the highlight of Open Day.

The Grounds were enjoyed and the Terrace Garden admired by all in its grand scheme, color and bloom.

For next year a suggestion has been made for a seasonal sign to be put out for less confusion trying to find Garland Farm.

Another suggestion for next year is a suggested donation of \$5 be stated on the donation sign.

Visitors will be asked to register when they first enter the House and given a membership form. The registration is important to get a more accurate head count for grant applications.

Additional discussion and comment appreciated at the Oct 6,2012 Board Meeting.
