

## Volunteer Committee Report 2012

Volunteer hours by Board Members and others need to be sent to me by Oct 31 as requested by our accountant. Volunteer recording sheets can be found on the BFS website and emailed to me or sent to me at PO Box 194, Mt. Desert, ME 04660. There are also recording sheets in my Volunteer Notebook in the office. These hours are important for grant applications.

We had six Volunteers for Open Day and two garden Volunteers are being trained by me to work in the Wild Garden and Entrance Garden and Holding Garden when needed. They are experienced gardeners and interested in a long term commitment. Two more are scheduled for the spring. The response to volunteering at Garland Farm has been impressive. If a Volunteer is needed, please contact me. It would mean training and supervising the volunteer by you for your particular position.
