

Landscape Design Seminar and Tour of Private Property Committee
May 18, 2014

We have had several teleconference calls over the last 5 months and many members of the Committee have devoted a considerable amount of time and effort to accomplish everything we need to do to be sure that the seminar and tour is a success. The invitation should be ready to distribute to the Board on 5/24 if the printer keeps their commitment. After the Board meeting the Committee will hand address the remaining 200 or so invitations and they will be mailed by early the next week. The mailing list has been assembled, the properties to visit selected, the Trolley reserved, the speakers engaged and much of the hospitality aspects accomplished. The only major remaining issue to resolve is the method of recording and being able to hear the speakers while on the tour. Our original goal was to have at least 20 people on the Trolley. We now hope that we will be oversold, but only time will tell. I would like to thank all of the Committee members for their help in this project, but especially Mike, Scott, Michaela, Dave & Judith (who are not really on the Committee but helped) and especially Betsy for all her advice and assistance in making everything happen on time.

Neil
