

Open Days Feedback and Recommendations for 2014

October 11, 2014

1. Technology remains a place where upgrades are warranted.
2. Garland Farm doesn't need to be open both an hour before and after programs. Recommend an hour before only.
3. Retain Michaeleen as the person to contact to register. It made the registration process more efficient in 2014.
4. Moving the donation box to the front porch resulted in increased donations in 2014. If the pedestal can't be relocated to near the front entrance, recommend a weatherproof sign with the pedestal and box indicating a suggested donation. A sign on top of the box, when mounted on the pedestal, is too high for many people to see or read.
5. The signs placed on the road need to be redone. The current signs do not reflect well on BFS.
6. Low visitation rates on Sundays (0 to 4) do not warrant continuing them as Open Days.
